September 22, 1987

Mr. James R. Jennings
Quarry Superintendent
United States Gypsum Company
P.O. Box 120
Sigurd, Utah 84657

Dear Mr. Jennings:

Re: Tentative Approval, Jumbo-Jensen Quarry, M/041/008, Sevier
County, Utah

The Division has reviewed United States Gypsum Company's Mining and Reclamation Plan that was received on September 14, 1987. The plan adequately addresses the Division's concerns and tentative approval is hereby given.

The Division will publish an abbreviated version of the plan in the local newspapers and public comment will be solicited for a thirty day period. The Division will request that a reclamation surety be posted after the 30 day comment period has elapsed. Final plan approval will be granted when the form and amount of surety is approved by the Board of Oil, Gas and Mining.

The Division will calculate the amount of required surety and send you this estimate plus the bonding information and forms in late October. Thank you for your cooperation and hard work in completing the Mine and Reclamation Plan. If you should have any questions, please contact Dave Wham or Frank Filas of my staff.

Sincerely,

A handwritten signature in cursive script, reading "Lowell P. Braxton".
